Dear Mr Greer:

I was just about to answer your first letter to me when the second one arrived. I was glad to hear from you.

First of all I will be glad to play The Red Caps on April 11th and 12th.

Next, when I came to Jacksonville to see about the park for training, I asked for some dates to play there. As a result I was given April 5th and 19th. In the meantime Mr Anderson had written me asking me to play him the 15th and 16th. This I have agreed to do, at the same time asking him who he would suggest I play the 5th and 19th. This will be a lot of ball, but we expect to have a very good team, and the fans should really see some good base ball.

I am telling you all this because I would like you to know the story. If I had had any idea you were going to offer us some dates, I would not have negotiated for the 5th and 19th. I was talking to Syd Pollack, and he would like to play us one or both of these dates. I had written Anderson about them, asking him to suggest an opponent. To date I have not had an answer from him. I have not arranged anything yet for the 7th or 14th. If you have any suggestion to offer I will appreciate it.

In the meantime please send me confirmation of the 11th and 12th. Best wishes for a successful season.

Very Truly Yours
